October 20, 2017

Dear Customer,

We have exciting news! On October 30th, Ducor will begin mobilizing our crew to start the upgrade of your network that delivers your telephone, and internet service to Kennedy Meadows. We will be installing new equipment in the Ducor Office, and our remote sites of, Breckenridge, Bear Peak, and Chimney Peak. This upgrade will allow us to provide much faster internet speeds to you.

Important: During the course of this project, there will be times that your service will be interrupted for approximately (15) fifteen minutes, as our services are transferred over to the new radio equipment. We anticipate that we will have temporary outages as outlined below:

NETWORK IMPACT – OUTAGE

Kennedy Meadows:

Thursday Dec. 14– 15 min. Outage between 12:00am-1:00am

In Addition: We have added a new tab to our web page (www.ducortelco.com) entitled, Kennedy Meadows Project, this will be the fastest way to keep you informed on the projects progress.

We thank you in advance for your patience, as we upgrade our system, to provide you with better service.
